Federal Government Focus

VIP Mission

Visionary Integration Professionals (VIP) is a leading provider of technology solutions focused on partnering with government agencies to align the right strategy, people, processes, and technology to improve performance at all operational levels. VIP has the agility of a small business and the mature infrastructure and proven processes of a large company. We deploy the same level of expertise as larger technology solutions providers, but our streamlined business model allows us to offer more value and a higher return on investment. In addition, our partner approach ensures hands-on service for optimal performance-driven results.

Clients Trust VIP to Deliver Innovative and Secure Federally-Focused Solutions

Since 1996, federal defense, civilian, and intelligence agencies have trusted VIP to help advance mission performance and deliver results. Through our years of experience and deployment of highly-qualified staff, we bring a solid understanding of government operations and an objective vision of emerging trends. Our federal team provides the right combination of process, domain, and IT expertise along with a commitment to ethics and client service. VIP delivers its flexible and reliable Performance Delivery Solutions[®] help federal government clients efficiently and effectively serve their constituents.

As a mid-tier company and former small business, VIP offers its clients the critical agility and responsiveness needed to meet today's performance demands, as well as the depth of experience and personnel to always remain ahead of the curve in terms of capabilities and delivery. Moreover, VIP is committed to responsibly and proactively engaging with veteran-owned, minority-owned, woman-owned, small, and other growing businesses as part of our Small Business Partnership Program. We are proud to continue our participation as a mentor in the Department of Homeland Security's Mentor-Protégé Program since 2011. VIP is also committed to using sound, repeatable approaches and processes, as demonstrated by VIP's federal division having been appraised at CMMI[®] Maturity Level 3.
