State and Local Government Expertise

VIP Mission

Visionary Integration Professionals (VIP) is a leading provider of technology solutions that help companies and government agencies align the right strategy, people, processes, and technology to improve performance at all operational levels. VIP has the agility of a small business and the mature infrastructure and proven processes of a large company. We deploy the same level of expertise as larger technology solution providers, but our streamlined business model allows us to offer more value and a higher return on investment. In addition, our partner approach ensures hands-on service for optimal performance-driven results.

Clients Trust VIP to Maximize Their Technology Investments

Since 1996, VIP has provided performance delivery solutions to state and local government clients at all levels. Our corporate credentials demonstrate a commitment to the public sector, and our client portfolio shows that we have provided more than 300 government agencies with highly scalable, tailored offerings that drive mission success.

We help our clients meet the challenges faced as a result of legislative changes, constituent demands, technology advancements, and economic trends. We are familiar with current issues, landscapes, and trades-offs facing government organizations, and have a wealth of experience in finding creative and customized solutions.

Tailored Solutions That Enable Success

VIP Performance Delivery Solutions empower success at every stage of the organizational lifecycle – from strengthening business and mission outcomes, to driving operational effectiveness, and delivering integrated learning and performance management. We meet the unique needs of each one of our clients by tailoring solutions to their unique performance requirements.

VIP offers expertise in the following areas:

- Business & Mission Support
- Technology Optimization
- Learning & Performance Management
- Federal Personnel Security Management
